

## **ANNUAL REPORT – 2020-21**

### **INTRODUCTION**

“Talk to yourself once in a day otherwise you may miss meeting an excellent person in the world,” says Swami Vivekananda. The quote beautifully invites everyone to have a daily introspection and dialogue with oneself, as it would be a great moment of knowing oneself and then actualize one’s true self. I believe that is the purpose of every life – to actualize one’s true self. Certainly, the pandemic period has enabled many of us to have sufficient time for one’s family and especially for oneself.

I am happy to take you through the past one year life journey of Pallotti Hill Public School with vivid images of the various programmes, curricular, co-curricular and extra-curricular activities.

#### **CONCLUSION**

“None of us can change the past. But we can change the future when we take positive corrective action.... Success does begin with a dream of more.” Overcoming our own complacent attitudes, we need to collectively and creatively think and dream more to find ways and means to revitalize our institutions with a matured and professional approach notwithstanding the risk it may call for. There seems to be no point in shedding tears or self-pitying over the situations we are surrounded with, rather we need to be courageous and confident to take risk to counter it. May I conclude this report with the words of Jen Bricker in her book, Everything is Possible, “Dream big; embrace what God has given you; bring light where there are shadows; spread hope, faith, love and peace.”

Fraternally,

Fr. Byju P. A
